

Driver Probation Notice

Date

Employee Name (Print)

Please be advised that you are being placed on “Probation Status” regarding driving privilege of a Strada Electric & Security Company vehicle by our Insurance Company. Due to your driving record (see attached), our insurance company considers you a high-risk candidate for driving a company vehicle. Strada Electric & Security is allowing your driving privilege, but be aware that **any** future violations could result in suspension of your driving privilege. You must inform us immediately of any future traffic citations/tickets, so we can determine your proper status. This notification is required by our insurance company.

Sincerely,

Chris Jensen
Operations Manager
Strada Electric & Security

I have read and understand my driving privileges and conditions.
